

Matching Gift Opportunity

One gift can create twice the opportunity

A campaign match will double the impact of your scholarship support.

During the campaign, the University of St. Thomas will match every eligible \$50,000 commitment to support top students, especially those from middle- and lower-income families.

A donor commitment of \$50,000 – given outright or pledged over four years – will be matched with an additional \$50,000 by the university. Together, this \$100,000 scholarship investment will support one student through four years at St. Thomas.

The match applies specifically to \$50,000 commitments and multiples of \$50,000. For donors who prefer a pledge structure, this may be fulfilled as \$12,500 per year over four years.

This opportunity is focused on merit scholarship support.

Students supported through the match will receive at least a \$25,000 scholarship each year for four years.

Benefactors should work with St. Thomas Advancement staff on a scholarship gift match.
